International Journal of Public Health (IJPH)

We are pleased to announce the winner of the best article award of the special issue
"Market-driven forces and public health", edited by Janeth Mosquera, Yadira Borrero (guest editors) and Lyda Osorio (IJPH senior editor).

The winner is
Medical labour under neoliberalism: an ethnographic study in Colombia.
Congratulations to first author **Adriana Ardila-Sierra** and her co-author César Abadía-Barrero.

The runner up is
Attitudes and practices of public health academics towards research funding from for-profit organizations: cross-sectional survey.
Congratulations to **Rima Nakkash**, and her co-authors Ahmed Ali, Hala Alaouie, Khalil Asmar, Norbert Hirschhorn, Sanaa Mugharbil, Iman Nuwayhid, Leslie London, Amina Saban, Sabina Faiz Rashid, Md Koushik Ahmed, Cecile Knai, Charlotte Bigland, and Rima A. Afifi

Here are the voting results:

Answer Choices	Responses	
Medical labour under neoliberalism: an ethnographic study in Colombia	34.90%	52
Attitudes and practices of public health academics towards research funding from for-profit organizations: a cross-sectional survey	26.17%	39
Commercial determinants of health: ethical explorations	22.15%	33
Private money-making indulgence and inefficiency of primary healthcare in Nigeria: a qualitative study of health workers' absenteeism	16.78%	25
	Answered	149

What was the voting procedure?
The authors, reviewers and editors of all articles submitted to the Call, all IJPH editors and the registered participants of the Latin American Public Health Meeting were invited to vote for the best article based on the abstract, out of four articles preselected by the editors of the call. The voting was anonymous and took place from 20 July until 01 September 2020.

The articles and editorials of the special issue "Market driven forces and public health "are available here. The special issue appeared in print in September 2020.

Enjoy reading!
